# **PIG® HazMat Mat Pad**

#MAT302 - Lightweight • 15" x 20" • 200 pads

Lasts 2x longer than ordinary mats for fewer change-outs. Specially made for acids, bases, corrosives and chemical spills.

- Absorbs the widest range of acids, bases, corrosives, chemicals and unknown liquids - even those with high concentrations like 98% sulfuric acid and 30% sodium hydroxide
- Chemical-resistant mat won't degrade or cause a dangerous reaction upon contact with corrosive spills
- Eight layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Highly absorbent, fine-fiber construction won't leave behind liquids or fiber residue
- Pink color is easily distinguishable to assure workers use the correct mat during a spill emergency
- Flame-resistant material won't burn immediately like cellulose mats; melts when exposed to high heat while on the job
- Light-weight construction is economical for small tasks and cleanups

Always in stock. Ships within 24 hours.

## **MAT302 Specifications**

Color: Pink

Dimensions: 15" W x 20" L

**Absorbency:** Up to 22 gal. per bag **Absorbency per:** Up to 14.08 oz. per pad

Configuration: Mat Pad

Fluid Absorbed: Acids, Bases, Unknowns

Mat Weight/Absorbency Lightweight

Level:

Perforated: Perforated Down Center Widthwise

Poly-Backed Barrier: No UV Resistant: No

Sold as: 200 pads per bag

Weight: 17 lbs. # per Pallet: 30

Composition: Polypropylene UNSPSC: 47131901
