

PIG® Absorbent Mat Pad

#MAT203 - 15" x 20", 100 heavy-wt. pads

The #1 Mat in the World delivers the best balance of durability, absorbency and retention. Control everyday leaks and spills across a wide range of liquids and applications.

- Eight layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Highly absorbent, fine-fiber construction won't leave liquids or fiber residue behind
- Absorbs and retains oils, coolants, solvents and water
- Dark gray color hides grime so mat stays on the job longer
- Flame-resistant material won't burn immediately like cellulose mats; melts when exposed to high heat while on the job
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Pads are ideal for catching drips and soaking up spills
- Easy-tear perforations let you take only what you need so you use less mat and save money
- Heavy-weight construction delivers greater durability and absorbency for demanding tasks and large-volume cleanups

Always in stock. Ships within 24 hours.
