

## Justrite® Paint & Ink Safety Cabinet

CAB281 Self-Closing Door Style, Holds 60 gal., 43" W x 18" D x 65" H

Designed specifically for the safe storage of 1-gallon paint cans and other Class III combustibles.

- FM Approved for the storage of Class III combustibles; also meets NFPA specifications and OSHA regulations
- Fully-welded, double-wall, 18-gauge steel with 1.5" of insulating air space helps cabinet stay square
- Reduced air gaps provide excellent fire protection
- Welded-in dual vents with flame arrestors dissipate heat to prevent flashback ignition
- Built-in ground connector inhibits static buildup
- Powder-coated finish, inside and out, retains high-gloss look and resists chemicals, rust and corrosion
- Three-point stainless steel bullet latch provides fail-safe, positive door closure; stands up to high heat and harsh use
- Slip-resistant U-Loc paddle handle has a recessed design that won't catch on passing traffic
- Welded hangers interlock with shelf for maximum stability; no brackets required
- Each shelf provides 350 lb. UDL weight capacity when evenly loaded
- Haz-Alert reflective labeling is highly visible, even in low light or during a fire
- Note: Codes state that no more than 60 gallons may be Category 1, 2 or 3
- Self-closing mechanism makes sure doors are shut completely every time
- Fusible link lets you prop doors open; melts at 165°F to automatically shut doors in case of fire
