

PIG® Roll Top Hardcover Spill Pallet

- Weather-resistant design prevents contaminants from entering stormwater
- Heavy-duty construction allows hardcover and pallet to be lifted by a forklift with drums in place
- Low-density polyethylene (LDPE) with UV inhibitors resists UV rays, rust, corrosion and most chemicals for long, trouble-free life
- Ergonomically designed roll top only goes down to waist height to eliminate bending and reaching
- Doors and roll top can be secured with a padlock (sold separately)
- Durable swing-out doors on front for easy loading and unloading
- Optional .75" drain plug lets you empty sump without removing drums or grating
- Select shipping option of assembled or knocked down
